

Douglas County Board of Health

AGENDA ACTION SHEET

Title: For possible action: Discussion to accept Title X Subgrant from Carson City Health & Human Services in the amount of \$16,420. For Family Planning Services from January 1, 2017 through March 31, 2017.

Recommended Motion: Accept Title X Subgrant from Carson City Health & Human Services in the amount of \$16,420. For Family Planning Services from January 1, 2017 through March 31, 2017.

Financial Impact: None -- Approval provides grant funding for specified services.

Prepared by: Leslee Fisher, Administrative Assistant

Meeting Date: March 15, 2017 **Time Required:**

Agenda:

Background Information: Title X grant funding is federal funding issued to states for competitive distribution to local government and entities for the provision of family planning medical care up to age 59. In this year's funding cycle, many programs did not get funded. As part of CCHHS via interlocal agreement, we were awarded funding for a 3 year period. This grant covers only the first three months of that cycle because continued funding for the program and release dates of the funds remain uncertain at this time. When we separated from CCHHS for the provision of Community Health Clinic services, we opted to accept the role of subrecipient in order to maintain the funding amount awarded for Douglas County. These funds will support grant management by CCHHS, direct reimbursement for services a patient is unable to pay, and reimbursement of staff time.

Agenda Item # 2
