Background Information: The Executive Director for the Storey County Senior Center drafted a letter of request to Douglas County regarding a 2003 Ford F-150 home delivered meal truck. The Community and Senior Center received two new 4X4 Ford delivery trucks a couple of years ago. This 4X2 truck is not being used and would be utilized more effectively by the Storey County Senior Center to continue helping homebound seniors. This vehicle was purchased with Aging and Disability Services Division (ADSD) Grant Funds. ADSD has authorized this action to benefit the Storey County Senior Center. The Kelly Blue Book value for this 2003 F-150 Ford truck is \$190 to \$500. However, a home delivered meal refrigeration package has been installed in the truck with a value of approximately \$1,500. Therefore, the total estimated value of the donation will be \$2,000.
