Background Information: One of the Board of County Commissioners' Strategic Planning Initiatives is to work with local partners and stakeholders to initiate the development of a year-round conference/event venue at Lake Tahoe. As requested by the Board of Commissioners, the Tahoe Douglas Visitors Authority (TDVA) committed to provide regular updates of the status of the project.

Last year following the approval of the 1% increase in the Lodging License Fee, the TDVA commissioned the preparation of 50% schematic drawings and related materials required for submission to the Tahoe Regional Planning Agency (TRPA) for review and approval of the proposed South Tahoe Events Center. In addition, TDVA has worked with TRPA staff concerning the level of environmental review and has commenced the required environmental analysis. This presentation will update the Board concerning the status of design and the approvals process.
